

LumenCross[®] F2

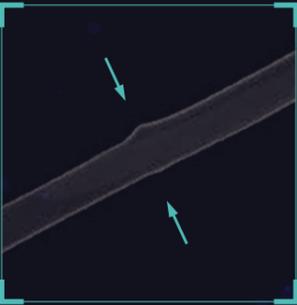

OCT Imaging Catheter

LumenCross[®] F2

Parameters

Model	Usable Length	Profile	Lens Position From Tip	Separate Lens Lumen
F2	1350mm	2.58Fr(0.86mm)	20mm	Yes

Excellent lesion crossing ability

Low-profile: 2.58 Fr

Hydrophobic coating

Enhanced out-layer of distal catheter

Outstanding capability to observe more distant artery

Short distance from Lens to Tip: 20mm
